

## Adjustable elbows from 0° to 45°

### The Range of Pipe Bends

Article number: 1110133502

The galvanized pull-ring with sealant that is used with the powder-coated and stainless steel version is only pre-assembled by factory, so that the pipe components remain adjustable. For final mounting the pull ring screws have to be tightened.  
Alternative: 2 segments can be mounted in a back-to-back way in order to get intermediate angles.

Adjustable elbow with pull ring and sealing material suitable for food contact in compliance with EC 1935/2004.

FOOD GRADE: On request, also available with our various U-shaped seals (also see U-shaped seals on pp. 20/21).

Material: powder-coated / EPDM

diameter DN: 100.0 MM

wall thickness: 1.5 MM

Quantity: 1
